George D. Demopoulos. Professor of economics, Emeritus and European Chair Jean Monnet on European Political Economy and Public Policy at the Athens University of Economics and Business, Athens, Greece. He received his Ph.D. in Economics from State University of New York at Buffalo. He has taught economics at the State University of New York at Buffalo, and as an Assistant Professor, Associate Professor, and Professor of Economics at the Rochester Institute of Technology, Rochester, New York, before joining the Athens University of Economics and Business.

Professor Demopoulos, member of the Monetary Policy Council, Bank of Greece (April 2006 – April 2012), has served as an Economic Adviser at the Directorate General for Economic and Financial Affairs, European Commission, Brussels (1981-1984). Member of the Working Group on the Euro – Jean Monnet Professors Network, European Commission. Economic Adviser, Office of the President, The Long-Range Planning Committee, Rochester Institute of Technology, Rochester, N.Y.

Professor Demopoulos' interests focus on international monetary and macroeconomic theory and policy, European economic integration and public policy, and monetary and macroeconomic issues of the Greek economy. His research has been financed by the European Commission; the VW-Foundation (Germany); the Research Foundation of the State University of New York; the Greek Ministry of Industry, Research and Technology; the Centre of Planning and Economic Research (Athens); the Research Center of the Athens University of Economics and Business, etc.

Professor Demopoulos' work has been published in major scholarly Journals, as at the *European Economic Review*, *Industrial and Labor Relations Review*, *European Economy*, *Open Economies Review*, *Journal of Policy Modeling*, *Journal of Economic Asymmetries*, *Journal of Business and Economic Studies*, and other journals.

He is the author of three textbooks in *Macroeconomic Theory and Policy* (in Greek). A book on central bank independence entitled, *Monetary Policy in the Open Economy of Greece*, Athens: Centre of Planning and Economic Research 1981. A policy-oriented book on *Stabilization Policies in Greece in the context of Modern Macroeconomic Theory* (with V. Alexander), Berlin: Duncker and Humblot GmbH, 1989.

Among his academic distinctions are: Nominator for the Nobel Prize in Economics, 1997-present; Jean Monnet Chair on European Political Economy and Public Policy, European Commission, 1997-present; Economic Adviser, Directorate-General for Economic and Financial Affairs, European Commission, Brussels; Visiting Professor, University of Giessen, Department of Economics; Member, Advisory Board, Athenian Policy Forum.

Founding Member, Hellenic University Association for European Studies (EPEES); Founding Member, Hellenic Committee for European Union (Mouvement Europeen); Founding Member, Institute of Greek-European Economic Policy Studies; Board Member, Hellenic Cancer Society; Member, Society of Volunteer Blood Donors, Hellenic Red Cross.
