

LIBRARY TRAINING SEMINARS FOR THE ACADEMIC YEAR 2021-2022

Postgraduate students

For the academic year 2021-2022, the AUEB Library and Information Center is organizing training seminars for the postgraduate students at the University. **The major prospect is to acquaint all students with the infrastructure, the collections, the digital resources and the Library services, so that they can explore and use them, to familiarize students with the techniques of finding and using scientific and quality information, and to give basic guidelines on how to write a paper or a thesis, to avoid plagiarism, and to reference sources.**

The seminars are made up of two sections:

- **Section 1 “Library infrastructure, Resources & Services”**
- **Section 2 “Basic Research & Writing Guidelines”**

Each Section will be repeated four times, 2 in the morning and 2 in the afternoon, in different days each time, to facilitate students’ participation. **Opening of seminars: Monday 04.10.2021.**

The seminars will be held online, using the [Microsoft Teams](#) tool, in the Greek language.

The Library has scheduled the following seminars for the period October-November 2021:
