Introduction

This report presents the results of the satisfaction survey conducted by the Quality Assurance Unit (QAU) of the Athens University of Economics and Business, carried out from 2.10.2024 to 16.10.2024.

The survey was conducted through an online questionnaire (*Limesurvey*), which included 12 closed-ended questions and 1 open-ended question. The questions covered demographic data, inquiries about QAU services, and an open-ended question for comments.

Both administrative and academic staff of the Athens University of Economics and Business participated in the survey.

The measurement scale used for the satisfaction questions regarding QAU services was a five-point Likert scale with the following options: Disagree, Somewhat Disagree, Neither Agree nor Disagree, Somewhat Agree, Agree.

A total of 81 fully completed questionnaires were collected.

The results are presented in bar charts and single and double-entry tables.
