

The MSc program aims to offer postgraduate education and training to graduate students and executives that wish to work or are currently employed in the sectors of Shipping, Finance and Management, and aim to advance to the highest levels of the international market via an English-speaking graduate training program.

It is addressed to graduates with officially recognized undergraduate degrees in areas **such as** Economics, Finance, Management, Science and Engineering.

The postgraduate program leads to the award of a Masters of Science (MSc) degree and offers:

- A 12-months **full-time program**, designed to meet the needs of graduates, with lectures taking place mainly during the morning or in the afternoon.
- A 24-months **part-time program**, designed to meet the needs of business executives, where lectures are conducted in the evenings.

The MSc program offers:

- Postgraduate study in an International Maritime Centre, in Greece – with the highest ownership (in tonnage) in the World and hundreds of companies located here
- The opportunity to study at AUEB, a top School for Economics and Business in Greece and Internationally recognized for its quality of education, research and training
- An MSc program qualification officially recognized by the Greek State
- An academic program taught by world class professors, constantly reviewed to fit the needs of the industry
- Placements of students with companies at the end of the taught part of the program
- Visits to relevant companies and organizations
- Executive guest speakers from the industry
- Access to major databases, newspapers, periodicals and academic journals related to shipping, finance and management
- A number of scholarships may be available to suitable applicants, sponsored by shipping and other companies and organisations, foundations and banks
- Academic excellence prizes, awarded to students at the end of the full and part time programs
