

QUICK GUIDE TO BUILDING EVACUATION

This guide is addressed to staff, faculty members, students, and visitors of the Athens University of Economics and Business building at Troias, Spetson and Kimolou Streets and explains, in a clear and practical manner, what actions to take in the event of an emergency requiring building evacuation.

**Be prepared,
stay safe**

**Preparation
matters**

WHEN TO EVACUATE

Evacuate the building immediately when:

- The **alarm** sounds
- There is a **fire**, smoke, or a burning smell
- An **earthquake** occurs (after the shaking stops)
- You are instructed to do so by security staff or authorities

WHAT TO DO IMMEDIATELY

KEEP CALM
AND

First of all

- Stay **calm**
- Stop what you are doing and prepare to **leave**
- Take only **essential** personal belongings
- **Do not run, push or shout**
- Follow the **green exit signs** and evacuation plans

Movement Inside the Building

- Use the **stairs** only
- Do not use the elevator
- Follow the **shortest and safest escape** route
- In case of smoke, stay low and cover your mouth and nose

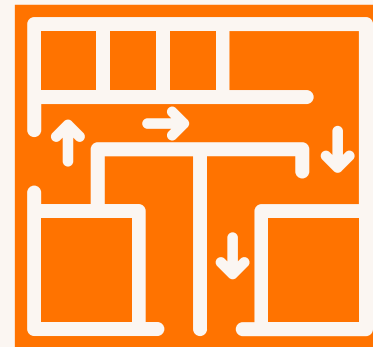

HOW SHOULD I MOVE THROUGH THE BUILDING?

Exits and Escape Routes

Building safety features:

- Main stairs with an exit toward **Troias Street**.
- Auxiliary stairs with an exit toward **Kimolou Street** or the internal courtyard.
- Always follow the escape plan of the floor you are currently on.

ESCAPE

Helping Others

- Help persons with mobility or other disabilities.
- Do not leave them unattended.
- Inform security personnel if someone is unable to evacuate.

LEND A HAND

**HELPING PERSONS IN
NEED**

ASSEMBLY POINTS

— After exiting: Proceed to the designated **assembly point** —

Troias Street sidewalk

Kimolou Street sidewalk

Internal courtyard

(only if instructed)

**Remain there until further instructions are given
Do not re-enter the building without authorization**

Fire
