

# ANASTASIA KOSTAKI

Associate Professor *Department of Statistics of Athens University of Economics and Business*

Contact information

## Department of Statistics

### Athens University of Economics and Business

Post Address: Patission 76, 104 34 Athens, Greece

Office: Kodrigktonos 12, 3rd floor

Tel: +30-210-8203539, e-mail: [kostaki@aueb.gr](mailto:kostaki@aueb.gr)

## Academic Degrees

■ PhC Candidate of Philosophy degree in Statistics, Mathematics, Computer Science, Departments of Statistics, Mathematics and Computer Sciences, Lund University, Sweden.

■ MSc Master of Social Science degree in Statistics, Department of Statistics, Lund University, Sweden.

■ PhL Licentiate of Philosophy degree in Statistics, Department of Statistics, Lund University, Sweden.

■ PhD Doctorate of Philosophy degree in Statistics-Demography, Department of Statistics, Lund University, Sweden.

## Academic Appointments

■ 1984-1985 Research and Teaching Assistant, Department of Statistics, Lund University, Sweden.

■ 1985-1989 Adjunct Lecturer, Department of Statistics, Lund University, Sweden.

■ 1989-1992 Lecturer, Department of Statistics, Lund University, Sweden.

■ 1988-1992 Researcher at the National Center of Social Research, Athens, Greece.

■ 1992-1993 Visitor Professor of the M.Sc. Program at the Meteorology School.

■ 1997-1998 Researcher at the National Center of Social Research, Athens, Greece.

■ 1995-1997 Researcher at the National Employment Observatory.

1992-1997 Adjunct Lecturer, Department of Statistics, Athens University of Economics and Business.

1998-2002 Lecturer, Department of Statistics, Athens University of Economics and Business.

2002-today Associate Professor, Department of Statistics, Athens University of Economics and Business.

Academic Years 2003-04 and 2005-06. Coactive Professor, Open University.

2002, 2003, 2005: Visitor Professor of the M.Sc. Program at the National Defense School.

### Participation in Committees and other administrative activities

2003 - today. Member of the Graduate Studies Committee, Department of Statistics, Athens University of Economics and Business.

2004 - today. Scientific coordinator of the part-time Graduate Program "Statistical Methods in Medicine and Pharmacy".

academic years 2004-2005 and 2006-2007. Member of the Senate of Athens University of Economics and Business

### Research Interests

|  |  |
|--|--|
| Analysis of survival data                                  | Modeling the age pattern of mortality and fertility      |
| Analysis of mortality by cause of death                    | Fertility analysis                                       |
| Sex differentials in survival                              | Model building in biodemography                          |
| Factors affecting mortality and the length of life         | Techniques for estimating age-specific demographic rates |
| Analysis of late life mortality                            | Methods of Analysis of the Aging process                 |
| Estimation of mortality for the extreme ages               | Educational Statistics                                   |
| Relational methods for mortality and fertility estimations | Biodemography  |

### Dissertations

1983: Kostaki, A. "Spatial Interaction Models and Logistic Growth Models, An application to Swedish political innovation data". Master thesis. Department of Statistics, Lund University, Sweden.

1988: Kostaki, A. "Contributions to the methodology and applications of the Heligman-Pollard formula" Licentiate dissertation. Department of Statistics, Lund University, Sweden.

1992: Kostaki, A. "Methodology and applications of the Heligman-Pollard formula" Doctoral dissertation. Department of Statistics, Lund University, Sweden.

### International Refereed Publications

1991: Kostaki, A.: "The Heligman - Pollard Formula as a Tool for Expanding an Abridged Life Table". Journal of Official Statistics Vol. 7, No 3, pp. 311-323.

1992: Kostaki A.: "A Nine-Parameter Version of the Heligman-Pollard Formula". Mathematical Population Studies, Vol. 3, No. 4, pp. 277-288.

2000: Kostaki A., Lanke J. "Degrouping mortality data for the elderly" Mathematical Population Studies, Vol. 7(4), pp. 331-341.

2000: Kostaki A. "A relational technique for estimating the age-specific mortality pattern from grouped data". Mathematical Population Studies, Vol. 9(1), pp. 83-95.

2001: Kostaki, A., Panousis, E. "Methods of expanding abridged life tables: Evaluation and Comparisons" Demographic Research, Vol 5(1), pp. 1-15.

2001: Karlis D., Kostaki A. "Bootstrap techniques for mortality models" Biometrical Journal, Vol. 44(7) pp 850-866.

2003: Stavrianos, S.D., Fellows, S., McLean, N.R., Kelly, C.G., Soames, J.V., Kostaki, A.: "Microvascular Histopathology in head and neck oncology" British Journal of Plastic Surgery, Vol. 56, pp. 140-144.

2004: Kostaki A., Papatheodorou C., Peristera, V.: "Kernel Density Techniques as a Tool for Estimating and Comparing Income Distributions: A Cross European-Country study." Journal of Income Distribution, Vol 13(1-2), pp. 18-43.

2005: Dimaki A., Kaminioti O., Kostaki A., Psarakis S. Tsourti Z. "Educational and Occupational Preferences of High School Students in Greece". Education and Training. Vol 47(6), pp. 432-446.

2005 Kostaki, A., Peristera V. "Graduating mortality data using Kernel techniques: Evaluation and comparisons" to appear in Journal of Population Research.

2006: Manousaki, A., Manios, A., Tsompanaki, E., Tsiftsis, D., Kostaki, A., Toska, A. "A simple digital image processing system to aid in melanoma diagnosis in an everyday melanocytic skin lesion unit" International Journal of Dermatology. Vol. 45, pp. 402-410.

### Submitted Papers

2005: Kostaki, A., Lanke, J., Peristera, P. "Modeling the relationship between male and female mortality patterns" submitted.

2006: Peristera, P., Kostaki, A. "Modeling fertility in modern populations" submitted.

2006: Peristera, P., Kostaki, A. "A parametric formula for describing the nuptiality pattern" submitted.

### Technical reports

- 1983: Kostaki, A. "Spatial Interaction Models and Logistic Growth Models" An application to Swedish political innovation data". Department of Statistics, Lund University, Sweden. Technical report CODEN:LUSADG/SAST-3095/1-44.
- 1985: Kostaki, A. "A Comparison of the Age Patterns of mortality in Sweden and Greece". Department of Statistics, Lund University, Sweden. Technical report LUSADG/SAST-3095/1-44.
- 1987: Kostaki, A. "The Heligman-Pollard formula as a technique for expanding an abridged life table." Department of Statistics, Lund University, Sweden. Technical report LUSADG/SAST-3116/1-15.
- 1990: Kostaki, A. "A nine-parameter version of the Heligman-Pollard formula" Department of Statistics, Lund University, Sweden. Technical report LUSADG/SAST-3129/1-14.
- 1996: Ioakeimoglou I., Kaminioti O., Kostaki A., Skopelitou Th.: "Quantitative indices of professions demand in Greek counties". Πειραματικό Ινστιτούτο Επαγγελματικής Κατάρτισης και Απασχόλησης, Working Textbook No 2. Athens 1996. *(in greek)*
- 1994: Kostaki, A, Lanke, J.: "Degrouping mortality data for the Elderly" Technical report No 118, Department of Statistics, Athens University of Economics and Business.
- 1998: Lytrokapi, A., Kostaki, A. "Parametric models of Mortality: Their use in Demography and Actuarial Science. " Technical report No 10, Department of Statistics, Athens University of Economics and Business.
- 1999: Panousis, E., Kostaki, A.: Expanding abridged life tables. Technical report No 78, Department of Statistics, Athens University of Economics and Business.
- 2000: Dimitratos, T., Kostaki, A.: Methods of Estimating Infant and Childhood Mortality. Technical report No 118, Department of Statistics, Athens University of Economics and Business.
- 2001: Karlis D., Kostaki A. "Bootstrap techniques for mortality models" Technical report No 116, Department of Statistics, Athens University of Economics and Business.
- 2001: Andritsos, I., Kostaki A. "Mortality in Balkan countries: Comparisons through time and space" Technical report No 136, Department of Statistics, Athens University of Economics and Business.
- 2001: Peristera V, Kostaki A. " Graduating mortality via Kernels" Technical report, Department of Statistics, Athens University of Economics and Business.
- 2002: Kostaki, A. "A simple procedure as an alternative to numerical methods for estimating the parameters of Heligman-Pollard formula", Technical report No 164, Department of Statistics, Athens University of Economics and Business.
- 2002: Papatheodorou C., Peristera, V., Kostaki A.: "Assessing income distribution using kernel estimates: A comparative study of five European countries studies." Technical report No 163, Department of Statistics, Athens University of Economics and Business.

### Other Activities

- 1991: "Indicators of Poverty and Adequacy of Social Security" Methodological considerations and comparative results for seven countries: Belgium, The Netherlands, Luxembourg, Ireland, Lorraine, Catalonia and Greece. For the Greek team: Yfantopoulos J.,

Balourdos D., Fagadaki E., Kappi C., Kostaki A., Papaliou O., Papatheodorou C. A publication of Centre for Social Policy, University of Antwerp, September 1991.

1999: Dimaki K. and Kostaki A.: Reformation of Studies Program of the Department of Informatics, Research Center of Athens University of Economics and Business. *(in greek)*

1998: Zaharatos G, Aggelis V., Kostaki A., Tsartas P. "Study of the organization and reformation of the studies at Tourism Sector Schools and their connection to the Market needs and to the New Forms of Tourism". Aegean University. *(in greek)*

2000: Psarakis, Xekalaki E., Dimaki A., Kostaki A., Kaminioti O., Tsourti Z. "The influence of in/out of school factors and of working place on the Secondary Education students, concerning their comprehension of employment market". Institute of Statistical Documentation Research and Analysis, Athens University of Economics and Business. *(in greek)*

2000: Mageirou E., Dimaki K., Kostaki A., Tsourti Z. Πρόγραμμα Ωθησης Τοπικής Ενδογενούς Ανάπτυξης (ΠΡΩΤΕΑΣ) - Statistical Analysis. Foundation for Economic and Industrial Research. *(in greek)*

2001: A Demographic Approach of the population of Greece during the postwar period. A collective study of the students of the Department of Statistics who attended the course "Demographic Statistics" during the fall semester of academic year 2000-2001. Supervisor: Kostaki A. *(in greek)*

## Participation in Research Programs

1982-1983 "Development of Latent Structure Models for Statistical Networks", funded by the Swedish Council of Humane and Social Sciences Research. Implementation Organization: Department of Statistics, Lund University. Sweden.

1988-1989 "Assignment of Social Indices and poverty levels in Greece", funded by the EE. Implementation Organization: National Center of Social Research.

1993 "Estimation of the age specified Mortality using ancestry data" funded by the Research Center of Athens University of Economics and Business.

1993-1995 Coordinator of the Research "Estimation of the mortality of the extreme aged using data of partially extinct groups of cohorts" in cooperation with Prof. Jan Lanke, Implementation Organization: Department of Statistics, Lund University Sweden.

1998 "Study of the organization and reformation of the Studies at Tourism Sector Schools and their connection to the Market needs and to the New Forms of Tourism". Implementation Organization: Aegean University.

1999-2000 "The influence of in/out of school factors and of working place on the Secondary Education students, concerning their comprehension of employment market" funded by the Operational Program for Education and Initial Vocational Training (1999-2000). Implementation Organization: Pedagogic Institute.

1999-2000 Evaluation of the Greek University Departments of Economics and Organization Management. Implementation Organization: Athens University of Economics and Business. Funded by: Operational Program for Education and Initial Vocational Training.

2000-2001 Research coordinator of the "Statistical Control Processes Applications in Demographic and Biostatistic data". Research Center of Athens University of Economics and Business.

## Teaching Notes

■ Kostaki, A. Demometry. University Lectures, Athens University of Economics and Business.

■ Kostaki, A. Actuarial Statistics. University Lectures, Athens University of Economics and Business.

## Papers in Greek Journals with referees

■ 1990: Balourdos D., Kappi C, Kostaki A., Papatheodorou C: "Distribution and Composition of household income in the region of the Capital". ΤΟΠΟΣ, issue 1, pp. 109-135. *(in greek)*

■ 1995: Kostaki A., Papatheodorou C, Kappi C, Balourdos D.: "Proportions of poverty in the region of the Capital". Greek Review of Social Research, issue 88, pp. 60-99. *(in greek)*

■ 1997: Ioakeimoglou H., Kostaki A.: "Study of influence of the demographic components in long-term unemployment". Greek Review of Social Research, issue 94, pp.185-200. *(in greek)*

■ 2000: Ketsetzopoulou M., Kostaki A.: "Study of influence of the demographic components of people at working age on their participation in employment". Επιθεώρηση Αποκέντρωσης Τοπικής Αυτοδιοίκησης και Περιφερειακής Ανάπτυξης, issue 19, pp. 35-44. *(in greek)*

■ 2004: Dimaki K., Kaminioti O., Kostaki A., Tsourti Z., Psarakis S.: "Educational and occupational preferences of high school students in Greece". Greek Review of Social Research. *(in greek)*

## Papers in International Conference Proceedings

■ 1998: Kostaki, A., Ioakimoglou I.: "Demographic factors affecting long-term unemployment in Greece" Proceedings of the International Labour Market Conference, Aberdeen, Scotland, June 1998.

■ 1998: Panousis, E., Kostaki, A.: Expanding abridged life tables Proceedings of the 4th Hellenic European Conference on Computer Mathematics and its Applications editor E.A. Lipitakis V.1

■ 1998: Lytrokapi, A., Kostaki, A. "Parametric models of Mortality: Their use in Demography and Actuarial Science" 4th Hellenic European Conference on Computer Mathematics and its Applications editor E.A.Lipitakis V.1

■ 2001: Andritsos, I., Kostaki A. "Mortality in Balkan countries: Comparisons through time and space" Proceedings of the 5th Hellenic European Conference on Computer Mathematics and its Applications.
